TECH SUMMIT

Description: "An exhibition featuring student innovations. And showcase their technical skills using working prototypes."

Rules:

- Team participation only (2-3 members).
- Topic must be innovative and based on current technology.
- Live physical project presentation is mandatory.
- Use of AI-generated or copied ideas is prohibited.
- The most original and impactful project will be awarded.

Event Overview: Project Expo (Tech Submit) is a platform to exhibit real-time technical solutions and creative innovations. Participants must present a working model or prototype, explaining the concept, methodology, and impact through a live demo.

Competition Format:

- Team of 1 to 4 members
- Open to students from all streams and departments
- A live demo or working model (if applicable)
- Bring your own hardware/software setup

Categories:

- Software Development
- Hardware & Electronics
- Research & Development
- Sustainability & Social Impact
- Internet of Things (IoT)
- AI & Machine Learning
